FAQS

Is the paint safe?

- **Yes! I use professional quality face paints and cosmetic grade glitter. They are easily removed with soap and warm water. For glitter, use baby oil to help remove. Always wipe away from eyes.**

******To avoid possible skin irritation, I highly recommend removing paint and glitter before going to sleep for the night!**

Who can be painted?

- **I'm happy to paint anyone over age 2 who is willing to be painted.**
- **For the health and safety of event guests and the face painter, I will not be able to paint anyone who is sick or contagious including pink eye and lice. See Covid update for more info.**
- **Open cuts or wounds will not be painted over to avoid issues of infection and contamination.**
